CERTIFICATE OF LISTING

IAPMO Research and Testing, Inc. is a product certification body which tests and inspects samples taken from the supplier's stock or from the market or a combination of both to verify compliance to the requirements of applicable codes and standards. This activity is coupled with periodic surveillance of the supplier's factory and warehouses as well as the assessment of the supplier's Quality Assurance System. This listing is subject to the conditions set forth in the characteristics below and is not to be construed as any recommendation, assurance or guarantee by IAPMO Research and Testing, Inc. of the product acceptance by Authorities Having Jurisdiction.

Effective Date: February 2013

Void After: February 2014

Product: Chemical Dispensing Systems

File No. 4363

Issued To: Beta Technology, A Division Of Diversey/sealed Air
8310 16th Street
Sturtevant, WI 53177

Identification: Each device shall be permanently marked with manufacturer's name or trademark, model number, and ASSE 1055 A or B. Product shall also bear the UPC® certification mark.

Characteristics: Chemical dispensing systems manufactured with self contained means of backflow protection and classified as follows:
Type A: Devices that include backflow protection.
Type B: Devices that include backflow protection located downstream of shut off valve or include pressure bleeding device. To be used for mixing potable water with chemicals to provide the user with a chemical solution which is ready to use. To be installed in accordance with the manufacturer's instructions and the latest edition of the Uniform Plumbing Code.

Products listed on this certificate have been tested by an IAPMO R&T recognized laboratory. This recognition has been granted based upon the laboratory's compliance to the applicable requirements of ISO/IEC 17025.

Products are in compliance with the following code(s):
Uniform Plumbing Code (UPC®)

Chairman, Product Certification Committee

CEO, The IAPMO Group
