COMMITTED TO YOU™

THE SURETY MIXMATE™ PRODUCT LINE.

The five Green Seal™ certified Surety MixMATE concentrates give you maximum cleaning power for a remarkably low cost. The cost savings you'll enjoy extends beyond simple dollars and cents to time savings and performance.

SAFETY AND VERSATILITY IN AN AUTOMATIC DISPENSING SYSTEM.

One of the benefits of using an automatic dispensing system is that it minimizes direct employee contact with the concentrates. Components of the dispensing unit fit together to accommodate all the cleaning concentrates or only the Surety MixMATE products you need. Surety MixMATE's patented "spill proof" container can only be dispensed through our unique docking station, ensuring employees never need to come in contact with the concentrated solutions themselves.

ENVIRONMENTALLY-SOUND PACKAGING WITH A PURPOSE.

Surety MixMATE solutions are so highly concentrated, you're helping the environment by not generating unnecessary packaging to hold inert ingredients. Plus, the 3100 mL container of Surety MixMATE concentrate is made of a plastic that can be recycled by city recycling programs.
