

4 WAY

Bowl and Bathroom Cleaner

FEATURES

- Premium acidic formula
- Contains thickening agents
- Pleasantly scented

RECOMMENDED USES

Cleaning of bathrooms and bathroom fixtures.

SPECIFICATIONS

Color : Pink
Scent/Odor: Citrus
Character : Clear, viscous liquid
Foam : Low

BENEFITS

- Superior removal of mineral soils
- Clings to vertical surfaces
- User friendly

pH use dilution : Less than 2.0
Phosphorus content : 0.36%
Approvals : cRc

IMPORTANT

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is provided with each container shipped. It is also available on our website or from the distributor.

PRODUCT DIRECTIONS

EQUIPMENT TO USE

Toilet bowl swab.

DIRECTIONS TO USE

TOILETS: Apply 4 to the inside rim of bowl. Add a little more to the applicator. Start cleaning under the rim where water outlets are located. Thoroughly clean inside and outside surfaces of bowl. Rinse applicator in clean water and rinse entire fixture. If stain or scale is built up under the water line, reduce water content in bowl by flushing it over the trap with bowl mop. **URINALS:** Remove screen or strainer. Clean entire surface, especially behind and under the inside lips where water outlets are located. Pour a small amount around edge of drain outlet so that it runs down the sides of drain. Rinse entire fixture and replace screen or strainer. 4 Way will also remove urine stains on ceramic floor tiles under urinals. **FLUSH TANKS:** 4 Way may be added to flush tanks to remove built up scale and rust stains. On the initial cleaning the tank should be drained. For regular maintenance add 1/4 cup to the flush tank and allow to soak for 10 minutes before flushing. This should be done once a week. **TUBS & SHOWERS:** Dilute 1 part product to 3 parts water. Apply to surface. Let stand a few minutes, then rinse well with water. **NOTE:** Do not apply undiluted product directly to chrome or decorative fixtures for it may stain them. It should be diluted at least 1:3 with water before application to these surfaces and then rinsed well. Do not use on aluminum.

PACKAGING

This product is available in 12/1 quart cases (065600).
