#### IMPORTANT

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is provided with each container shipped. It is also available on our website or from the distributor.

#### PRODUCT DIRECTIONS

##### EQUIPMENT TO USE

Pail and mop, deck brush, rubber gloves and eye protection.

##### DIRECTIONS TO USE

For use in industrial, institutional and/or food processing establishments. Do not store product in food processing areas. Prior to use, all food products and packaging material shall be removed or protected to avoid contamination of food and food contact surfaces. A potable water rinse is required after use on all surfaces. **Floor Cleaning** – Use QuarryGrip® during the day to clean the floor. 1. Wipe up spills and sweep debris from floor surface. 2. Dispense QuarryGrip at a ratio of 1 ounce per gallon of cold or hot water (8 ml per liter). 3. Apply solution to floor surface using a dripping wet mop. 4. Aggressively scrub the floor with a DekMop™, Mop 'N Brush™ or deck brush. 5. Mop up soiled solution or squeegee to drain. 6. Rinse or damp mop floor surface clean. 7. Dry floor surface using a dry mop or squeegee. **Traction Treatment** – Once a month or spot treat slippery areas as needed. 1. Wipe up spills and sweep debris from floor surface. 2. Apply QuarryGrip full strength (straight from bottle) in area to be treated. 3. Evenly spread QuarryGrip across the surface using deck brush. Allow QuarryGrip to remain on floor surface: 20 minutes for Quarry Tile / 40 minutes for glazed & porcelain tile. (DO NOT ALLOW QuarryGrip to dry on surface during standing time.) 4. Mop up soiled solution or squeegee to drain. 5. Rinse or damp mop floor surface clean. 6. Dry floor surface using a dry mop or squeegee. **Concrete Cleaning** – Sidewalks, Dumpsters or Drive Thrus. 1. Sweep all debris from area to be cleaned. 2. Dispense QuarryGrip at a ratio of 1 ounce per 4 ounces of cold or hot water (250 mL per liter). 3. Apply solution and allow it to stand on area to be cleaned for 3-5 minutes. 4. Aggressively scrub area with a DekMop, Mop 'N Brush or a deck brush. 5. Rinse surface clean with tap water.

#### PACKAGING

This product is available in 2/1 gallon cases (5364962).
