#### IMPORTANT

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is provided with each container shipped. It is also available on our website or from the distributor.

#### PRODUCT DIRECTIONS

##### EQUIPMENT TO USE

Mop and pail or scrubbing machine.

##### DIRECTIONS TO USE

1. DAILY DAMP MOPPING – light soil removal: Dilute RECOVER at 1-2 ounces per gallon of water.
2. INTERMITTENT WET MOPPING – medium soil removal: Dilute RECOVER at concentrations up to 4 ounces per gallon of water.
3. MACHINE SCRUBBING – imbedded soil removal. Where controlled removal of heavy soil and a portion of the abraded floor finish is required, use RECOVER at 3-8 ounces per gallon of water. Rinse floor thoroughly and allow to dry before recoating with finish.
4. AUTOMATIC FLOOR MACHINES – routine cleaning: Dilute RECOVER at no more than 2 ounces per gallon of water. Use soft buffing pads under the machine. Aggressive soil removal: Dilute RECOVER up to 4 ounces per gallon depending upon the amount of controlled soil and finish removal needed. Under normal conditions a RED buffing pad is all that is needed for machine scrubbing with RECOVER. If more aggressiveness is required, use a GREEN or BLUE pad.

#### PACKAGING

This product is available in 4/1 gallon cases (5015252) and 5 gallon pails (064180).
