

FEATURES

- Non-abrasive
- Provides protective coating
- Non-flammable

BENEFITS

- Does not scratch surfaces
- Aids in soil removal
- Safer to use

RECOMMENDED USES

For use on stainless steel equipment surfaces.

SPECIFICATIONS

Color : Colorless

Scent : Lemon

Character : Clear, non-viscous liquid

Foam : Non-foamer

pH use dilution : N/A

Phosphorus content : 0.0%

Approvals : cRc

**IMPORTANT**

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is provided with each container shipped. It is also available on our website or from the distributor.

PRODUCT DIRECTIONS**EQUIPMENT TO USE**

Clean towel or cloth.

DIRECTIONS TO USE

Stainless Steel Treatment may be applied by spraying on a clean, dry cloth, or lightly spraying the surface to be treated. Spread the product over the surface using a circular motion and wipe dry. This will remove most finger marks and light soils. For areas which are more heavily soiled a precleaning step is recommended. If a water based cleaner is used, the surface must first be completely dry before applying Stainless Steel Treatment. Routine use will keep surfaces looking their best and help preserve the factory sheen. For light touch-up a little buffing with a dry cloth is all that is needed.

NOTE: Never use on floors and protect floors from overspray. The products ingredients make a floor slippery. If oversprayed onto a floor, scrub the floor with detergent and dry thoroughly.

PACKAGING

This product is available in 6/1 quart cases (4441022).
