

SPRAY-CLEAN

Oven and Grill Cleaner

FEATURES

- No solvent fumes
- Non-flammable
- Clinging formulation
- High strength formula

BENEFITS

- Safe for employee use
- Usable on hot surfaces
- Works on vertical surfaces
- Cleaning is completed quickly

RECOMMENDED USES

For cleaning ovens, grills, stoves, hoods, fans and barbeques.

SPECIFICATIONS

Color : Yellow

Scent/Odor: Lemon

Character : Clear to hazy, viscous liquid

Foam : Low

pH use dilution : > 12.0

Phosphorus content : 0.21%

Approvals : cRc

IMPORTANT

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is provided with each container shipped. It is also available from the distributor.

PRODUCT DIRECTIONS

EQUIPMENT TO USE

Spray bottle, cleaning cloth or pad.

DIRECTIONS TO USE

Spray on at a proper dilution. Allow to work about 1 to 2 minutes. Wipe clean with damp cloth. For best results, preheat oven to about 150°F. To avoid splattering do not spray on surfaces above 200°F. For heavy buildups of grease and soot, dilute 1 to 1 with water. For lighter grease conditions, dilute up to 1 to 4 with water. For overnight soaking, use 1 to 4 dilution with water. For stubborn areas, a second application may be required. Scrub with an abrasive hand pad if necessary. After cleaning, rinse surface well with clean cold water to remove all chemical residue. NOTE: Do not use on aluminum.

PACKAGING

This product is available in 4/1 gallon cases (4448718).
