IMPORTANT

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is provided with each container shipped. It is also available on our website or from the distributor.

PRODUCT DIRECTIONS

EQUIPMENT TO USE

Clean cloth, rubber gloves, eye protection.

DIRECTIONS TO USE

Use in empty oven, either cold or pre-heated to 200 °F and turned off. **TURN OFF PILOT LIGHT AND/OR ELECTRIC SWITCH.** Hold can upright and point spray button away from face. Shake well, then spray inside of oven from a distance of 8 to 12 inches, giving it an even coating. Spray top and bottom of oven first; then spray remaining oven surfaces and allow to stand about 30 minutes. (May be left on overnight with oven door closed). Wipe oven clean with damp cloth, sponge or paper towel. Spots that are difficult to remove should be retreated and cleaned with a scouring pad. Rinse with potable water. When clean, re-ignite pilot light, or turn on electric switch, and heat oven to 400 °F for 10 minutes before using with food again. This product is also excellent for cleaning grills, rotisseries, stove burners, electric frying pans, and other cookware that is resistant to caustic.

PACKAGING

This product is available in 6/18 ounce cases (064164).
