The SDS is provided with each container shipped. It is also available on our website or from the distributor.

PRODUCT DIRECTIONS

EQUIPMENT TO USE

Recommended automatic liquid laundry injection system.

DIRECTIONS TO USE

USE DILUTION: Concentration varies due to environmental conditions and load size. Your sanitation specialist will adjust properly to meet your needs. 1. Pre-sort laundry prior to wash. 2. Pre-soak and/or pre-spot laundry when necessary. 3. Place proper amount of soiled fabric into laundry machine. 4. In wash cycle, inject microTECH Combo directly from the shipping container. 5. When bleaching, inject microTECH Destainer or microTECH Liquid Oxygen Bleach into laundry machine directly from shipping container. 6. When souring and softening, inject microTECH Liquid Sour 'N Soft or microTECH Liquid Laundry Sour and Rust Remover and microTECH Whisper directly from shipping container. A final pH of 5.5 - 6.5 is recommended for the fabric.

*This product is compatible with ozone laundry systems.
