The SDS is provided with each container shipped. It is also available on our website or from the distributor.

## PRODUCT DIRECTIONS

### EQUIPMENT TO USE

Recommended automatic liquid laundry injection system.

### DIRECTIONS TO USE

USE DILUTION: Concentration varies due to environmental conditions and load size.

Your sanitation specialist will adjust properly to meet your needs.

1. Pre-sort laundry prior to wash.
2. Pre-soak and/or pre-spot laundry when necessary.
3. Place proper amount of soiled fabric into laundry machine.
4. In wash cycle, feed this product directly from shipping container.
5. When bleaching, feed a recommended liquid laundry bleach into the laundry machine.
6. When souring and softening in the final rinse cycle, feed a recommended sour and softener into the laundry machine. A final pH of 5.5-6.5 is recommended for the fabric.

\*This product is compatible with ozone laundry systems.
