IMPORTANT

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is provided with each container shipped. It is also available on our website or from the distributor.

PRODUCT DIRECTIONS

EQUIPMENT TO USE

Recommended automatic liquid laundry injection system.

DIRECTIONS TO USE

USE DILUTION: Concentration varies due to environmental conditions. Consult your sanitation specialist for proper use dilution.

1. Pre-sort laundry prior to wash.
2. Pre-soak and/or pre-spot laundry when necessary.
3. Place proper amount of soiled fabric into laundry machine.
4. In wash cycle, inject this product.
5. When bleaching, feed a recommended liquid laundry destainer.
6. When souring and softening in the final rinse cycle, inject a recommended liquid laundry sour and softener into the laundry machine. A final pH of 5.5 - 6.5 is recommended for the fabric.
