Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is provided with each container shipped. It is also available on our website or from the distributor.

PRODUCT DIRECTIONS

EQUIPMENT TO USE

Recommended automatic liquid laundry dispensing system.

DIRECTIONS TO USE

USE DILUTION: Concentration varies due to environmental conditions and load size. Your sanitation specialist will adjust properly to meet your needs. 1. Pre-sort laundry prior to wash. 2. Pre-soak and/or pre-spot laundry when necessary. 3. Place proper amount of soiled fabric into laundry machine. 4. In wash cycle, inject Ultra Active break and Ultra Active suds or Ultra Active suds+. 5. When bleaching, inject Ultra Active oxy-bleach into the laundry machine. NOTE: This product is most effective when used in hot water (150°-160°F). 6. When souring and softening, inject Ultra Active sour 'n soft, or Ultra Active sour and Ultra Active softener. A final pH of 5.5-6.5 is recommended for the fabric.

PACKAGING

This product is available in 2.5 gallon containers (064858).
