The SDS is provided with each container shipped. It is also available on our website or from the distributor.

PRODUCT DIRECTIONS

EQUIPMENT TO USE

Recommended automatic liquid laundry injection system

DIRECTIONS TO USE

Concentration varies due to environmental conditions and load size. Your sanitation specialist will adjust properly to meet your needs. 1. Presort laundry prior to wash. 2. Presoak and/or pre-spot laundry when necessary. 3. Place proper amount of soiled fabric into laundry machine. 4. In wash cycle, inject this product. 5. When bleaching, inject recommended bleach. 6. When souring and softening, inject recommended sour and/or softener. A final pH of 5.5-6.5 is recommended for the fabric.
