The SDS is provided with each container shipped. It is also available on our website or from the distributor.

**PRODUCT DIRECTIONS****EQUIPMENT TO USE**

Recommended automatic liquid laundry injection system.

**DIRECTIONS TO USE**

1. Pre-sort laundry prior to wash.
2. Pre-soak and/or pre-spot laundry when necessary.
3. Place proper amount of soiled fabric into laundry machine.
4. In wash cycle, feed this product and liquid laundry bleach.
5. When bleaching, feed a recommended liquid laundry bleach.
6. When souring and softening in the final rinse cycle, feed a recommended sour and softener.

A final pH of 5.5-6.5 is recommended for the fabric.

**NOTE:** Concentrations will vary due to environmental conditions and load size. Your sanitation specialist will adjust properly to meet your needs.
