IMPORTANT

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is provided with each container shipped. It is also available on our website or from the distributor.

PRODUCT DIRECTIONS

EQUIPMENT TO USE

Recommended automatic liquid laundry injection system.

DIRECTIONS TO USE

USE DILUTION: Concentration varies due to environmental conditions and load size. Your sanitation specialist will adjust properly to meet your needs.

1. Pre-sort laundry prior to wash.
2. Pre-soak and/or pre-spot laundry when necessary.
3. Place proper amount of soiled fabric into laundry machine.
4. In wash cycle, inject all®.
5. When bleaching, inject Bleach.
6. When souring and softening, inject Snuggle®.

A final pH of 5.5-6.5 is recommended for the fabric.

HOMESTYLE MACHINES: Use 1 ounce for a full load of normally soiled clothes.

*This product is compatible with ozone laundry systems.
