IMPORTANT

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is provided with each container shipped. It is also available on our website or from the distributor.

PRODUCT DIRECTIONS

EQUIPMENT TO USE

Recommended automatic liquid laundry injection system.

DIRECTIONS TO USE

1. Pre-sort laundry prior to wash.
2. Pre-soak and/or pre-spot laundry when necessary.
3. Place proper amount of soiled fabric into laundry machine.
4. In wash cycle, feed this product and liquid laundry break.
5. When bleaching, feed a recommended liquid laundry bleach.
6. When souring and softening in the final rinse cycle, feed a recommended sour and softener.

A final pH of 5.5-6.5 is recommended for the fabric.

NOTE: Concentrations will vary due to environmental conditions and load size. Your sanitation specialist will adjust properly to meet your needs.
