IMPORTANT

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is provided with each container shipped. It is also available on our website or from the distributor.

PRODUCT DIRECTIONS

EQUIPMENT TO USE

Recommended automatic liquid laundry dispensing system.

DIRECTIONS TO USE

USE DILUTION: Concentration varies due to environmental conditions and load size. Your sanitation specialist will properly adjust concentrations to meet your needs.

1. Pre-sort laundry prior to wash.
2. Pre-soak and/or pre-spot laundry when necessary.
3. Place proper amount of soiled fabric into laundry machine.
4. In wash cycle, inject Ua break and Ua suds or Ua suds+.
5. When bleaching, inject Ua destainer+ or Ua oxy-bleach into laundry machine.
6. When softening and souring, inject Ua softener and Ua sour. A final pH of 5.5-6.5 is recommended for the fabric.

PACKAGING

This product is available in 2.5 gallon containers (064862).
