

FEATURES

- Unique liquid formulation
- A blend of natural and synthetic starch

BENEFITS

- Superior product dispersion
- Excellent for table linens and napkins
- High quality appearance

RECOMMENDED USES

For institutional laundry use only.

SPECIFICATIONS

Color : White
Scent/Odor : Citrus
Character : Opaque, viscous liquid
Foam : Non-foamer

pH use dilution : 5.5-6.5
Phosphorus content : 0.0%
Approvals : cRc

IMPORTANT

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is provided with each container shipped. It is also available on our website or from the distributor.

PRODUCT DIRECTIONS

EQUIPMENT TO USE

Recommended automatic liquid laundry injection system.

DIRECTIONS TO USE

1. Pre-sort laundry prior to wash. 2. Pre-soak and/or pre-spot laundry when necessary. 3. Place proper amount of soiled fabric into laundry machine. 4. In wash cycle, feed LIQUID LAUNDRY BREAK and LIQUID LAUNDRY SUDS or feed COMBO® directly from shipping container. 5. When bleaching, feed LIQUID LAUNDRY DESTAINER into the laundry machine. 6. When souring, feed LIQUID SOUR & RUST REMOVER into the laundry machine. Works best in the final rinse cycle. A final pH of 5.5-6.5 is recommended for the fabric. 7. Add 3-5 ounces of LIQUID LAUNDRY SIZE per 50 lbs. of fabric to the machine at the beginning of the final rinse cycle. Be sure to allow the machine to fill with water before adding the product. LIQUID LAUNDRY SIZE should be in contact with the fabric for 3-5 minutes. Water temperatures should be 90°-110°F for best results.

NOTE: DO NOT FREEZE.

PACKAGING

This product is available in 5 gallon pails (4373904).
