### IMPORTANT

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is provided with each container shipped. It is also available on our website or from the distributor.

### PRODUCT DIRECTIONS

#### EQUIPMENT TO USE

NEXUS™ Sour/Soft is designed to be used only through the exclusive NEXUS Laundry Dispensing System.

#### DIRECTIONS TO USE

NEXUS™ Sour/Soft is part of the NEXUS Laundry Dispensing System and is designed to be used in combination with other NEXUS products as determined by your chemical specialist.

Pre-sort laundry prior to wash. Pre-soak and/or pre-spot laundry is necessary. Place proper amount of soiled fabric into laundry machine. During the detergent bath, inject the appropriate amount and combination of NEXUS™ Suds and NEXUS Break or NEXUS Built Detergent. When bleaching, inject the recommended amount of NEXUS Destainer into the machine during the bleach bath. During the final rinse bath, inject NEXUS Sour/Soft through an approved NEXUS Laundry Dispensing System, rates may vary depending upon specific water and operating conditions.

NOTE: A final pH of 5.5 – 6.5 is recommended for all fabric.
