IMPORTANT

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is provided with each container shipped. It is also available on our website or from the distributor.

PRODUCT DIRECTIONS

EQUIPMENT TO USE

Recommended automatic liquid laundry injection system.

DIRECTIONS TO USE

USE DILUTION: Concentrations will vary due to environmental conditions and load size. Your sanitation specialist will properly adjust product concentrations to meet your needs. 1. Pre-sort laundry prior to wash. 2. Pre-soak and/or pre-spot laundry when necessary. 3. Place proper amount of soiled fabric into laundry machine. 4. In wash cycle, inject a recommended liquid laundry break and a recommended liquid laundry detergent. 5. When bleaching, inject a recommended liquid laundry bleach. 6. When souring and softening in the final rinse cycle, inject this product. A final pH of 5.5-6.5 is recommended for the fabric.

PACKAGING

This product is available in 5 gallon pails (063575) and 15 gallon drums (063576).
