IMPORTANT

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is provided with each container shipped. It is also available from the distributor.

PRODUCT DIRECTIONS

EQUIPMENT TO USE

Appropriate measuring device, brushes, sponge or mitt.

DIRECTIONS TO USE

Rinse vehicle with fresh water before washing. Use clean brushes, mitts and pails to prevent scratching and transfer of soils. **CAUTION:** Do not wash when vehicle surface is hot or in full sun. 1. Add 2 ounces of Hilite™ per gallon of water. 2. Apply solution to roof of vehicle using a clean sponge, mitt or brush. Load applicator with solution so that it is dripping wet at all times. 3. After completely washing roof and upper areas of vehicle, rinse thoroughly with hose. 4. Wash body surfaces with water, then apply Hilite solution. Rinse off solution then pre-rinse next area or side to be washed; continue around vehicle until all areas have been cleaned. Excess water can be removed from horizontal surfaces by pulling a clean towel over them.

PACKAGING

This product is available in 5 gallon pails (065536).
