**IMPORTANT**

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is provided with each container shipped. It is also available on our website or from the distributor.

PRODUCT DIRECTIONS**EQUIPMENT TO USE**

Automatic dispensing system.

DIRECTIONS TO USE

USE DILUTION: 1.5 ounce per gallon for light duty, 3.0 ounce per gallon for heavy duty.

1. If silver plated flatware is being detarnished, line the bus pan or pail with aluminum foil.
2. Dispense solution of product and warm 100° to 120° water into a bus pan or bucket.
3. Place flatware, utensils, or other ware in presoak solution for 15-30 minutes.
4. Remove items from presoak solution, place in racks for dishmachine, and rinse thoroughly with overhead sprayer. Do not pour presoaking solution into dishmachine as it will cause foaming.
