IMPORTANT

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is provided with each container shipped. It is also available on our website or from the distributor.

PRODUCT DIRECTIONS

EQUIPMENT TO USE

Jug or pail pump, wall pump or faucet feeder, recommended automatic dispensing system.

DIRECTIONS TO USE

TO DISINFECT: Pre-clean. Apply use-solution (1:182) to hard non-porous, inanimate surfaces.

Allow surface to remain wet for 10 minutes. Rinse or allow to air dry.

TO SANITIZE: Pre-clean and potable water rinse. Prepare a use-solution of 200-400 ppm (1:256-1:512).

Apply use-solution with a cloth, sponge or low coarse spray or hand trigger sprayer covering all surfaces or by immersion. Allow surface to remain wet for 60 seconds and let air dry. Do not rinse. Check with us regarding availability/product registration status in your state.

NOTE: The use of QT-10, QT-40 or equivalent test papers are acceptable by the manufacturer for testing the quat use-solution.

PACKAGING

This product is available in 2/1 gallon cases (3296548), 4/1 gallon cases (057602), 5 gallon pails (3296521) and 55 gallon drums (073157).
