

## *A warewashing system designed to be tough on soils, but not on your budget.*

The Ultra Active® manual warewashing system has taken the guesswork out of manual warewashing. This convenient, easy-to-use dispensing system combines super concentrated products with superior cleaning power for pots, pans, silverware, glassware and dishes. No plumbing or electricity is needed, and since Ultra Active is a wall-mounted system, no counter or floor space is required. Concentration can be calibrated to your needs, and the ergonomic canister and pump designs allow for total product usage.

**SAFE. INNOVATIVE. COST SAVING. EARTH-FRIENDLY.**

## Ultra Active® pot n' pan

A highly concentrated, superior performing product. It quickly cuts through the heaviest amounts of grease and fat while providing long lasting suds. This product provides food service personnel a quick, efficient way to wash heavily soiled dishware, providing labor savings and cost reduction. Available in 100% recyclable, 2/1500mL containers.

## Ultra Active® presoak

A highly concentrated product designed for presoaking silver and stainless steel utensils. Its excellent soil-penetrating and softening abilities quickly loosen dried-on or hardened foods. Available in 100% recyclable, 2/1500mL containers.

## Ultra Active® sanitizer

A highly concentrated, multi-purpose quaternary sanitizer. This product is formulated for use as a third-tank sanitizer and as a no-rinse sanitizer on non-porous food contact surfaces such as tabletops, food prep utensils and food prep equipment. Ultra Active sanitizer is EPA registered and is available in 100% recyclable, 2/1500mL containers.
