

Floorcare Products For Professionals

Floorcare Products for Professionals

There's a better way to achieve great looking floors! The most trusted brand in Floorcare re-imagined and improved.

- An industry leading brand now engineered with advanced, ProX, formulations
- Field tested and rigorously assessed for performance in critical customer facilities
- Designed to reduce regulatory uncertainty and improve compliance with evolving laws and regulatory restrictions

Save on the disruption with easy program installation and continuation.

- Training is simple – operations made easy with no changes to applications
- Fast on-boarding with recognized product names and in-use instructions

Satisfy customer expectations with clean and hygienic floors.

- Integrate total floorcare to reduce consumption and gain lasting results

NO INTENTIONALLY ADDED PFAS

GENESIS™ ICE-STRIP

Professional Strength Floor Stripper

5548041 • 5 gallon

Ice-Strip is a professional strength stripper designed for the removal of tough-to-strip finishes and sealers. It is a powerful, fast-acting stripper that even when using cold water, begins to emulsify most finishes upon contact. This reduces normal soak times and removes multiple layers of finish with fewer passes.

GENESIS™ GX-2002+ ProX

High-Performance Floor Finish for Infrequent Maintenance

9299674 • 5 gallon bag-in-box

GX-2002+ ProX provides maximum durability and long-lasting gloss even under heavy traffic. GX-2002+ ProX has excellent resistance to scuffs, marks and scratches, dirt imbedment and repeated detergent scrubbing. Use on all resilient floors including vinyl, vinyl composition, vinyl asbestos, asphalt tile, rubber, and linoleum.

GENESIS™ GX-2004+ ProX

Ultra Durable Floor Finish

9299676 • 5 gallon bag-in-box

GX-2004+ ProX provides excellent gloss, outstanding durability and is easy to apply and maintain. It provides the highest mileage for your floors, even in the heaviest traffic. This high-solids, low-odor floor finish delivers excellent gloss build. It is extremely tough in high traffic areas, resisting black heel marks, scratching and dirt embedment. It extends recoat and stripping cycles yielding labor savings and improved productivity. In addition, the buff response is unsurpassed with all types of UHS equipment including propane, battery or cord electric. For use on all resilient floors.
