laundry program

316 Hart Street, Watertown, WI 53094 • Customer Service 800.424.1075

U S Chemical's Private Label Laundry Program is designed to meet our customers' needs. We offer a complete line of quality and affordable laundry products available in your own private label. Imagine the value of having your own label on a complete offering of laundry products available only from you. These quality products combined with your label, service and reputation will build customer loyalty and brand recognition within your marketplace.

The advantages are numerous:

- A product for every application.
- A complete selection of pack sizes.
- An offering of hyper-concentrated products in 3100 mL environmentally friendly reduced packaging.
- An offering of economically priced products, available for cost sensitive customers.
- Using your logo, we design a label that complies with all regulations and provides you with your own laundry brand.* No charge!
- To qualify, you only need to meet U S Chemical's minimum order requirements, \$1,000 per order.
- Please allow 6-8 weeks for the first order. Subsequent orders require a 7 day lead time.

Nexus™ Premier Lock Out System

Break

Pack Size: 2/3100 mL*

Break is a highly concentrated alkaline product. This liquid blend of alkaline builders, water sequestrants and soil suspension agents is designed to be used in combination with Suds for optimum cleaning efficiency.

Softener

Pack Size: 2/3100 mL*

Softener is a liquid cationic fabric softener for all types of laundry operations. It is highly concentrated to provide fluffy and soft fabric. Softener is economical to use because it reduces the pulling and extraction time of loads, eliminates static and reduces sticking that increases comfort of all clothes and fabrics.

Built Detergent

Pack Size: 2/3100 mL*

Built Detergent is a hyper-concentrated formula featuring highly active laundry builders and superior quality surfactants. Designed for all soil and water conditions, including iron, Built Detergent offers unmatched levels of performance, convenience and low use cost.

Sour

Pack Size: 2/3100 mL*

Sour is specially designed to neutralize the alkaline residues of detergents, water hardness minerals, or iron in the rinse cycle of laundry programs. It can be used in any type of automatic laundry chemical feeding system. It prevents fabric harshness, excess wear and browning during ironing.

Destainer

Pack Size: 2.5 gal.*

Destainer is a concentrated sodium hypochlorite solution for use in laundry bleaching. It is designed for automatic dispensing, will keep white fabrics free of stains and aid the overall cleaning program.

Sour/Soft

Pack Size: 2/3100 mL*

Sour/Soft is a hyper-concentrated formula that provides the most effective and economical results where a combination sour and softener product is preferred. This unique Sour/Soft formulation has the ability to inhibit iron deposits, reducing the need for separate sour and softener. It is also formulated with optical brighteners.

Oxygen Bleach

Pack Size: 2/3100 mL*

Oxygen Bleach is a versatile product that provides excellent cleaning ability, yet is safe to use on all types of colored and synthetic fabrics. Oxygen Bleach aids in the overall success of today's complicated laundry programs.

Suds

Pack Size: 2/3100 mL*

Suds is a highly concentrated surfactant based formula. This versatile detergent is concentrated enough to be used as an added booster with Break or alone as a superior low alkaline laundry detergent. It is designed to provide optimum results when used in a routine laundry program.

*Some pack sizes are available with private case label only.

Premier Liquid Laundry Antichlor

Pack Size: 15 gal. & 55 gal.

Liquid Antichlor is an effective liquid anti-chlorine compound that prevents unwanted residual chlorine on treated fabric. It is capable of removing many reducible stains.

Premier Liquid Laundry Softener

Pack Size: 5 gal. & 15 gal.

Liquid Fabric Softener is a liquid cationic fabric softener for all types of laundry operations. It is highly concentrated to provide fluffy and soft fabric. This product is economical to use because it reduces the pulling and extraction time of loads, eliminates static, reduces sticking and increases comfort of all clothes and linens.

Premier Liquid Laundry Break

Pack Size: 5 gal., 15 gal. & 55 gal.

Liquid Laundry Break is a concentrated alkaline break for use in automatic liquid dispensing systems. It can be used to boost cleaning effectiveness in the wash cycle. This product is a concentrated blend of high alkaline detergent builders, emulsifiers, water conditioners and soil suspension agents. It is designed to be used in combination with a liquid laundry detergent for optimal cleaning efficiency.

Premier Liquid Laundry Sour & Rust Remover

Pack Size: 5 gal. & 15 gal.

Liquid Laundry Sour and Rust Remover is specially designed to neutralize the alkaline residues of detergents, water hardness minerals and iron in the rinse cycle of laundry programs. It can be used in any type of automatic laundry chemical feeding system. It prevents fabric harshness, excess wear and browning during ironing. It will also eliminate iron stains for superior laundry results.

Premier Liquid Laundry Break & Suds

Pack Size: 5 gal. & 15 gal.

Liquid Break & Suds is a built detergent featuring a powerful combination of alkalinity and surfactants for superior results. It is designed for use in both health care and hospitality laundries. This product will work well in low and high temperature wash formulas. It is designed for automatic injection into commercial laundry machines, and can be used on all washable fabrics.

Premier Liquid Laundry Sour & Soft

Pack Size: 5 gal. & 15 gal.

Liquid Sour and Softener combines three functional laundry steps in one easy to use combination product. It includes the highest quality souring agents, excellent cationic fabric softeners and optical brighteners to leave cloth fresh, clean, bright and soft. It should always be used in the final rinse of the laundry program and can be used in high or low temperature operations.

Premier Liquid Laundry Destainer

Pack Size: 5 gal. & 15 gal.

Liquid Laundry Destainer is a concentrated sodium hypochlorite solution for use in laundry bleaching. It is designed for automatic dispensing. Liquid Laundry Destainer will keep white fabrics free of stains and aid the overall cleaning program. It can also be used as a household bleach. Care should be taken to reduce the level used as the strength is over twice that of normal household bleaches.

Premier Liquid Laundry Suds

Pack Size: 5 gal. & 15 gal.

Liquid Laundry Suds is a liquid detergent designed for use in combination with a recommended liquid break. The combination of these products provides the ultimate in cleaning performance, economy and flexibility. It rapidly wets and penetrates cloth, lifts soil, emulsifies greases and oils and prevents soil redeposition.

Premier Liquid Laundry Oxygen Bleach

Pack Size: 5 gal. & 15 gal.

Liquid Oxygen Bleach is an oxygen bleaching agent specially formulated for use on synthetic fabrics and colored laundry, and may be used safely with enzyme presoaks or regular laundry detergents. Its exceptional mildness allows it to be added to the laundry during the filling operation. This product can be used in all temperatures, but hot solutions do the best job of bleaching and cleaning.

Premier Powdered Suds

Pack Size: 25 lb.

Powdered Suds is a top quality, high performance laundry product. It provides excellent washing and rinsing action to eliminate the need for "break" and "suds" type product. This lowers inventories and simplifies laundry procedures. This product will handle the worst soil conditions while working in either high or low temperature laundry cycles.

Liquid Laundry Break

Pack Size: 5 gal., 15 gal. & 55 gal.

Liquid Laundry Break is a concentrated alkaline break for use in automatic liquid dispensing systems. It can be used to boost cleaning effectiveness in the wash cycle. This product is a concentrated blend of high alkaline detergent builders, emulsifiers, water conditioners, and soil suspension agents. It is designed to be used in combination with a liquid laundry detergent for optimal cleaning efficiency.

Liquid Laundry Softener

Pack Size: 5 gal., 15 gal. & 55 gal.

Liquid Fabric Softener is a liquid cationic fabric softener for all types of laundry operations. It is highly concentrated to provide fluffy and soft fabric. This product is economical to use because it reduces the pulling and extraction time of loads, eliminates static, reduces sticking and increases comfort of all clothes and linens.

Liquid Laundry Break & Suds

Pack Size: 5 gal. & 15 gal.

This product is a quality phosphate free liquid laundry break and suds combination. It is designed for those special laundry applications where a three product system can be used effectively. When used in conjunction with liquid laundry bleach and a laundry sour and softener, this product emulsifies and suspends tough soils, all in one easy step. The use of this product will provide whiter and brighter linens in all laundry operations.

Liquid Laundry Sour

Pack Size: 5 gal. & 15 gal.

Liquid Laundry Sour and Rust Remover is specially designed to neutralize the alkaline residues of detergents, water hardness minerals, and iron in the rinse cycle of laundry programs. It can be used in any type of automatic laundry chemical feeding system. It prevents fabric harshness, excess wear and browning during ironing. It will also eliminate iron stains for superior laundry results.

Liquid Laundry Detergent

Pack Size: 4/1 gal., 5 gal. & 15 gal.

Liquid Laundry Detergent is designed for use in an automated laundry dispensing systems. This product provides the ultimate in cleaning performance, economy and flexibility. It rapidly wets and penetrates cloth, lifts soil, emulsifies greases and oils and prevents soil redeposition.

Liquid Laundry Sour & Soft

Pack Size: 5 gal. & 15 gal.

Liquid Sour and Softener combines three functional laundry steps in one easy to use combination product. It includes the highest quality souring agents, excellent cationic fabric softeners and optical brighteners to leave cloth fresh, clean, bright and soft. It should always be used in the final rinse of the laundry program and can be used in high or low temperature operations.

Liquid Laundry Oxygen Bleach

Pack Size: 5 gal., 15 gal. & 55 gal.

Liquid Oxygen Bleach is an oxygen bleaching agent specially formulated for use on synthetic fabrics and colored laundry, and may be used safely with enzyme presoaks or regular laundry detergents. Its exceptional mildness allows it to be added to the laundry during the filling operation. This product can be used in all temperatures, but hot solutions do the best job of bleaching and cleaning.

Powdered Laundry Detergent

Pack Size: 25 lb. & 50 lb.

1/4 Cup Laundry Detergent works perfect in hard or soft water and all water temperatures. It keeps dirt suspended in wash water and requires no addition of bleach or softener for normal wash conditions. It is gentle on all fabrics and leaves no irritating residue. It contains built-in whiteners and brighteners for whiter whites and brighter colors.
