SPECIFICATIONS

Color : Green
Scent/Odor: Pine
Character : Clear, viscous liquid
Foam : Low

pH use dilution : Less than 2.0
Phosphorus content : 0.0%
Approvals : cRc

IMPORTANT

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is available on our website at www.uschemical.com and is also available by scanning the QR code on the label.

PRODUCT DIRECTIONS

EQUIPMENT TO USE

Toilet bowl swab, spray bottle, cleaning cloth, sponge, rubber gloves and eye protection.

DIRECTIONS TO USE

TOILETS: Apply to inside of rim of bowl. Add a little to the applicator. Start cleaning under rim where water outlets are located. Thoroughly clean inside and outside surfaces of bowl, also the top and bottom of seat. Flush bowl. Rinse applicator in clear water and rinse entire fixture. If stain or scale is built up under water line, reduce water content in bowl by flushing it over the trap with bowl mop. **FLUSH TANK:** To remove built-up scale and rust stains, add 1/4 cup to flush tank and allow to soak for ten minutes before flushing. Flush twice to rinse tank. This should be done once a week. **URINALS:** Remove screen or strainer. Clean entire surface, especially behind and under lips where water outlets are located. Pour around edge of drain outlet to run down the sides. Swab inside of drain pipe. Flush. Rinse entire fixture with cold water. Replace screen or strainer. **TUBS AND SHOWERS:** Dilute 1 part product to 3 parts water. Apply to surface. Let stand a few minutes, then rinse well with water. **NOTE:** Careful rinsing is required on chrome, decorative metals and porcelain enamel surfaces to prevent them from becoming discolored. Do not use on aluminum.

PACKAGING

This product is available in 12/1 quart cases (065605).
