

## HEAVY DUTY STRIPPER

### FEATURES

- Non-ammoniated formula
- Powerful stripping action
- Stripping pads unnecessary

### BENEFITS

- Low odor characteristics
- Quickly removes all finishes
- Easier on floors

### RECOMMENDED USES

Removal of multiple layers of floor finishes without the use of stripping pads.

### SPECIFICATIONS

**Color** : Colorless

**Scent/Odor**: Solvent

**Character** : Clear, non-viscous liquid

**Foam** : None to low

**pH use dilution** : 12.0 - 13.0

**Phosphorus content** : 0.0%

**Approvals** : cRc

### IMPORTANT

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is provided with each container shipped. It is also available on our website or from the distributor.

### PRODUCT DIRECTIONS

#### EQUIPMENT TO USE

Pail with wringer and mop or scrubbing machine and wet vacuum cleaner.

#### DIRECTIONS TO USE

Blockade areas to be stripped. Apply test solution in an out of the way spot of floor to assure product will not bleed or otherwise effect floor. If there is no effect, proceed as follows: 1. To remove metal complex finishes and most other polymer finishes - Prepare a 1:11 dilution of H.D. Stripper with hot or cold water (1 1/2 cups/gallon). For heavy build up and difficult-to-remove sealers, H.D. Stripper may be diluted 1:2 with hot or cold water (8 cups/gallon). 2. Apply solution at rate of 100 square feet per gallon. Apply enough material to insure complete wetting. 3. Allow to stand 3-5 minutes maximum. DO NOT ALLOW SOLUTION TO DRY. 4. For best results, wet vacuum residue. If not possible, mop for recovery. If mop is used for recovery, use extreme care to remove all of the product. 5. Though not necessary, machine scrubbing will speed work, especially when removing buildups. **NOTE:** Floors will become slippery when stripper is applied. Exercise caution.

### PACKAGING

This product is available in 5 gallon pails (076903).
