

47+

Low Foam Pot and Pan Detergent

47+ is a low foaming surfactant based cleaner for recirculation/power wash sinks, automatic bar glass washing sinks, and vent cleaning systems. 47+ detergent is used to clean pots, pans, cookware, dishware, flatware, and utensils in a recirculation/power wash sink, glassware in an automatic bar glass washing sink, and hoods and ducts as part of an automatic recirculation hood and duct system.

Specifications	
Color	Light straw/amber
Scent/Odor	None added
Character	Clear, non-viscous liquid
Foam	Low
pH Use Dilution	8.5 - 10.5
Phosphorus Content	0.0%
Approvals	cRc

Pack Sizes		
4435837	4/1 gallon case	

Directions For Use

Equipment: Recommended dispensing system.

Use Dilution: 0.25-2 oz./gallon

Recirculation/Power Wash Sinks:

- 1. Fill each sink with the appropriate level with warm water 110° to 120° F.
- 2. Preflush or prescrap ware to be cleaned to remove gross soils.
- Start recirculation system for first compartment and wash the ware using dispensed or manually dosed proper strength solution of 47+ detergent.
- 4. Rinse in second compartment using potable water.
- 5. Sanitize in third compartment sink with recommended sanitizer and store ware in a clean, dry, protected area.

Automatic Bar Glass Washing Sinks:

1. Fill each sink to the appropriate level with warm water - 110 to 120°F.

- 2. If needed, preflush or prescrap glassware to remove gross soils.
- 3. Start recirculation or mechanical brushes for first compartment and wash glassware using dispensed or manually dosed proper strength solution of 47+ detergent.
- 4. Rinse in second compartment using potable water.
- Sanitize in third compartment sink with recommended sanitizer, air dry and store glassware in a clean, dry, protected area.

Vent Cleaning Systems: Injected systems will need to be adjusted according to the manufacturer's recommended procedure. The use dilution of 47+ detergent will be dictated by the length of the ventilator system, soil load, frequency of cleaning, and water temperature (158° F is recommended).

STORAGE: Do not store in food processing or food storage areas.

Safety Reminder

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is provided with each container shipped. It is also available on our website or from the distributor.
