

All Temp H.D.

Chlorinated Detergent

All Temp H.D. is a liquid chlorinated mechanical dishwash detergent with a high concentration of cleaning components. Its balanced, chlorine-fortified formulation in ready-to-wash liquid form gives each dish a balanced chemical attack on soil. Because it's chlorinated, this product provides control of food stains and protein soils, good rinsability and eliminates odor problems. It is especially versatile as it works well in high or low temperature warewashing applications.

Specifications

Color	Light yellow
Scent/Odor	Chlorine odor
Character	Clear, non-viscous liquid
Foam	Non-foamer
pH Use Dilution	10.0 - 13.0
Phosphorus Content	0.1%
Approvals	cRc

Pack Sizes

057704	4/1 gallon case
057705	5 gallon pail

Directions For Use

Equipment: Recommended automatic dispensing system.

NOTE: Do not use on aluminum.

For Low Temperature Warewashing:

1. Pre-flush and/or scrape dishes before washing.
2. Rack dishes properly. Place dishes in machine.
3. Wash using this product. Concentration will vary due to environmental conditions.
4. For rinse cycle, use a recommended rinse additive. Be sure rinse injector is working properly.
5. Sanitize using a recommended chlorine sanitizer at 50 ppm. Test using chlorine test papers or a liquid chlorine test kit.
6. Allow dishes to air dry.

For High Temperature Warewashing:

1. Pre-flush and/or scrape dishes before washing.
2. Rack dishes properly. Place dishes in machine.
3. Wash using this product. Concentration will vary due to environmental conditions. Maintain wash temperature at 150°-160°F.
4. For rinse cycle, use a recommended rinse additive. Be sure rinse injector is working properly. Maintain rinse temperature at 180°-190°F.
5. Allow dishes to air dry.
