

Auto-Dri

Rinse Additive for Hard Water Conditions

Auto-Dri is specially designed to handle the problems of water hardness in the final rinse cycle of mechanical dishwashers. It is a heavy-duty rinse additive which will eliminate spots on all types of kitchen utensils as well as prevent deposits of water hardness minerals in the rinse section of the dishmachine. This product can be used in the hardest of water conditions with excellent results.

Specifications

Color	Blue
Scent/Odor	Slight alcohol
Character	Clear, slightly viscous liquid
Foam	Low to none
pH Use Dilution	4.0 - 8.0
Phosphorus Content	0.0%
Approvals	cRc

Pack Sizes

057143	4/1 gallon case
057145	5 gallon pail

Directions For Use

Equipment: Recommended warewash rinse injector.

Use Dilution: Concentration varies due to environmental conditions. Your sanitation specialist will properly adjust product concentration to meet your needs.

1. Pre-flush and/or scrape dishes before washing.
2. Rack dishes properly. Place dishes in machine.
3. Wash using a recommended mechanical warewash detergent. Should maintain 150°-160°F wash temperature.
4. For rinse cycle, use this product. Should maintain 180°-190°F rinse temperature.
5. Allow dishes to air dry.
