### Directions For Use

**Equipment:** Mop, sponge or automatic floor scrubbers.

**Use Dilution:** Full strength.

1. Remove all unpackaged food from area before cleaning.
2. DO NOT dilute product.
3. Apply product directly to floors, walls and shelving with mop or sponge. Allow to soak for 5-10 minutes depending on the amount of soil. Heavier soil or ice deposits may require a longer soaking time.
4. Wipe area with mop or sponge to remove soil. A scraper or abrasive pad may be necessary to loosen heavier soil deposits.
5. Dry mop or squeegee area to remove excess liquid.
6. Wipe with clean, dry cloth to aid drying time.

Directions for powerscrubbers **only:** Product may be diluted 1:1 and will work at temperatures down to zero degrees.

### Safety Reminder

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is available on our website at [www.uschemical.com](http://www.uschemical.com) and is also available by scanning the QR code on the label.
