Hydro-Klor

Premium Chlorinated Detergent

Hydro-Klor is a liquid, chlorinated, mechanical dishwash detergent with a high concentration of cleaning components. Its balanced, chlorine-fortified formulation in ready-to-wash liquid form gives each dish a balanced chemical attack on soil. Because it's chlorinated, this product provides control of food stains and protein soils, good rinsability and eliminates odor problems. Its versatile formula works well in high or low temperature warewashing applications.

Specifications	
Color	Yellow
Scent/Odor	Chlorine
Character	Clear, non-viscous liquid
Foam	Non-foamer
pH Use Dilution	11.0 - 11.6
Phosphorus Content	0.2%
Approvals	cRc

Pack Sizes	
057247	4/1 gallon case
057248	5 gallon pail

Directions For Use

 $\textbf{Equipment:} \ \textbf{Recommended automatic dispensing system}.$

DO NOT USE ON ALUMINUM.

Use Dilution: Concentration varies due to environmental conditions. Your sanitation specialist will adjust properly to meet your needs.

For High Temperature Warewash:

- Pre-flush and/or scrape dishes before washing.
- 2. Rack dishes properly. Place dishes in machine.
- 3. Wash using this product. Should maintain 150°-160°F wash temperature.
- For rinse cycle, use recommended rinse additive. Should maintain 180°-190°F rinse temperature.
- 5. Allow dishes to air dry.

For Low Temperature Warewashing:

- 1. Pre-flush and/or scrape dishes before washing.
- 2. Rack dishes properly. Place dishes in machine.
- 3. Wash using this product.
- 4. For rinse cycle, use recommended rinse additive.
- 5. Sanitize using a recommended chlorine sanitizer at 50 ppm*. Test using chlorine test papers or a liquid chlorine test kit.
- 6. Allow dishes to air dry.
- * ppm = parts per million
