Liquid Laundry Softener/Sanitizer

Fabric Softener and Residual Bacteriostat
Technical Data Sheet

Liquid Laundry Softener/Sanitizer inhibits the growth of organisms which act on urine to produce ammonia in diapers and wet bed linens. It also softens clothes, therefore eliminating chafing and "static cling" from nylons and other synthetic fabrics. The use of this product will also help to improve ironing time. It is a concentrated formula designed for use in commercial and institutional laundry operations by addition to the final rinse cycle.

Specifications

Color	Off white to light yellow
Scent/Odor	None/germicidal
Character	Hazy, slightly viscous liquid
Foam	Low
pH Use Dilution	3.5 - 5.0
Phosphorus Content	0.0%
Registrations	EPA
Water Temperature	All

Pack Sizes

057543	5 gallon pail

Directions For Use

Equipment: Recommended automatic liquid laundry injection system.

Residual self-sanitizing level of bacterial control
Add 5 fluid ounces of this product per 100 pounds of dry laundry to the final rinse cycle water. At this rate, this product provides, to the fabric, a residual self-sanitizing activity against odor-causing Gram positive and Gram negative organisms under conditions of high relative humidity or wet contamination.

Residual bacteriostatic level of bacterial control
Add 20 fluid ounces of this product per 100 pounds of dry laundry to the final rinse cycle water. At this rate, this product provides, to the fabric, a residual bacteriostatic activity against odor-causing Gram positive and Gram negative organisms under conditions of high relative humidity or wet contamination.

Safety Reminder

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is available on our website at www.uschemical.com and is also available by scanning the QR code on the label.

Check with U S Chemical regarding product availability and registration status in your state.
See product Reference Sheet or container label for more information.
