

Premium Softener

Liquid Fabric Softener

Premium Softener is a liquid cationic fabric softener for all types of laundry operations. It is highly concentrated to provide fluffy and soft fabric. This product is economical to use because it reduces the pulling and extraction time of loads, eliminates static and reduces sticking. Increases comfort of all clothes and fabrics.

Directions For Use

Equipment: Recommended automatic liquid laundry injection system.

Use Dilution: Concentration varies due to environmental conditions and load size. Your sanitation specialist will adjust properly to meet your needs.

1. Pre-sort laundry prior to wash.
2. Pre-soak and/or pre-spot laundry when necessary.
3. Place proper amount of soiled fabric into laundry machine.
4. In wash cycle, feed a recommended detergent.
5. When bleaching, feed a recommended liquid laundry bleach.
6. When souring in the final rinse cycle, feed a recommended sour.
7. When softening in the final rinse cycle, feed this product.

A final pH of 5.5-6.5 is recommended for the fabric.

*This product can be used in all water temperatures. Your chemical specialist will adjust product concentrations based on results.
