Directions For Use

Equipment: Recommended automatic liquid laundry injection system.

Use Dilution: Concentration varies due to environmental conditions and load size. Your sanitation specialist will adjust properly to meet your needs.

1. Pre-sort laundry prior to wash.
2. Pre-soak and/or pre-spot laundry when necessary.
3. Place proper amount of soiled linen into laundry machine.

4. In wash cycle, feed this product.
5. When bleaching, feed a recommended liquid laundry bleach.
6. When souring and softening in the final rinse cycle, feed a recommended sour and softener.

A final pH of 5.5-6.5 is recommended for the fabric.

*This product can be used in all water temperatures. Your chemical specialist will adjust product concentrations based on results.
