

Sani-Tabs

Multi-Purpose Sanitizing Tablets Technical Data Sheet

Sani-Tabs are easy to use, simply use 1 tablet per gallon of water to accurately and easily prepare your sanitizing solutions at the proper concentrations. The tablets dissolve in water producing a distinct, clear, pale blue sanitizing solution that is long lasting and usually remains effective all day. Solutions are non-irritating to the hands, non-corrosive to metals, non-staining and odorless. The convenient tablets eliminate the handling and storage of bulky sanitizers; end guesswork in measuring and prevent loss from breakage, spillage or waste.

Specifications	
Color	Light blue
Scent/Odor	None added
Character	Tablet
Foam	Low
pH Use Dilution	7.0 - 8.0
Phosphorus Content	0.0%
Approvals	NSF

Pack Sizes	
057594	6/150 tablets

Directions For Use

Equipment: 3 tank sink.

Use Dilution: Use one to two tablets per gallon of water.

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Prepare sanitizing solutions with warm water. Allow several minutes for tablets to dissolve before using.

For Sanitizing Dishes, Glasses And Utensils In Restaurants, Taverns, Etc.

- 1. Scrape and prewash utensils and glasses whenever possible.
- Wash with a good detergent or compatible cleaner in first sink compartment.

- 3. Rinse with clean water in second sink compartment.
- 4. Sanitize in a solution of 1 to 2 tablets per 1 gallon of water (200-400 ppm) in third sink compartment. Immerse all utensils for at least one minute or for contact time specified by governing sanitary code.
- 5. Place sanitized utensils on a rack or drainboard to air dry.
- 6. A fresh sanitizing solution must be prepared at least daily or more often if the solution becomes diluted or soiled.

Safety Reminder

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is available on our website at www.uschemical.com and is also available by scanning the QR code on the label.Check with U S Chemical regarding product availability and registration status in your state.

See product Reference Sheet or container label for more information.
