

# Stainless Steel Polish

## Cleaner and Polish

Stainless Steel Polish emphasizes beauty of stainless steel by removing surface soil to bring out its rich natural tone and luster. This product leaves no greasy residue, which greatly reduces fingerprint and dust adherence. It leaves a water repellent finish which prevents spots and makes subsequent regular cleanings easier, faster and better. This product is non-corrosive and provides a bright, dry, non-yellowing, transparent protective coating.

### Specifications

<b>Color</b>	Opaque white
<b>Scent/Odor</b>	Spearmint
<b>Character</b>	Viscous emulsion
<b>Foam</b>	Non-foamer
<b>pH Use Dilution</b>	8.0 - 10.0
<b>Phosphorus Content</b>	0.0%
<b>Approvals</b>	cRc

### Pack Sizes

<b>057060</b>	6/1 quart case

### Directions For Use

**Equipment:** Spray bottle, clean towel or cloth.

**Use Dilution:** Use at full strength.

1. Apply this product to surface and wipe with a soft cloth, spreading and rubbing to be sure entire surface is covered.
2. For heavier soil, a brief soaking period should be allowed after application, the rubbing continued until accumulated soil is removed.
3. Cloth should be turned frequently to keep the clean areas "working" with the polish.
4. Wash hands thoroughly after using.

**Note:** Never use this polish on food contact surfaces. Contains petroleum solvent.

### Safety Reminder

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is available on our website at [www.uschemical.com](http://www.uschemical.com) and is also available by scanning the QR code on the label.
