IMPORTANT

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is provided with each container shipped. It is also available on our website or from the distributor.

PRODUCT DIRECTIONS

DIRECTIONS TO USE

Concentration varies due to environmental conditions and load size. Your sanitation specialist will adjust properly to meet your needs. 1. Presort laundry prior to wash. 2. Presoak and/or pre-spot laundry when necessary. 3. Place proper amount of soiled fabric into laundry machine. 4. In wash cycle, inject this product. 5. When bleaching, inject recommended bleach. 6. When souring and softening, inject recommended sour and/or softener. A final pH of 5.5-6.5 is recommended for the fabric.

*This product is compatible with ozone laundry systems.

*This product can be used in all water temperatures. Your Chemical Specialist will adjust product concentrations based on results.
