

Precision Laundry

Liquid Laundry Detergent

Precision Laundry is specially formulated with enzymatic activity to remove tough, oily soils and stains from fabrics, while its bleach components enhance brightness. This detergent is easy to use with its push-of-a-button dispensing system known as Ultra Easy dispensing system.

Directions For Use

Equipment: Ultra Easy dispensing system.

Use Dilution: Automatically dispensed at correct dilution rate from the Ultra Easy dispensing system.

Use Precision Laundry detergent as directed by your U S Chemical Representative. This product can be used in all homestyle washing machines. This product is designed to be dispensed directly to the laundry machine by a U S Chemical dispenser and should not be diluted manually. Precision Laundry detergent is dispensed at various rates depending on soil load, fabric, water conditions and equipment.

*This product can be used in all water temperatures. Your chemical specialist will adjust product concentrations based on results.

Safety Reminder

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is available on our website at www.uschemical.com and is also available by scanning the QR code on the label.
