

# Quat-Clean Plus

Quat-Clean Plus is a phosphate-free formulation designed to provide effective cleaning, deodorization, sanitization, and disinfection specifically for hospitals, nursing homes, schools and food service establishments where housekeeping is of prime importance in controlling the hazard of cross-contamination. This product, when used as directed, is formulated to disinfect inanimate, hard, non-porous surfaces: floors, sinks, countertops, tables, chairs, and telephones. This product deodorizes those areas which generally are hard to keep fresh smelling, such as garbage storage areas, empty garbage bins and cans, toilet bowls, and other areas which are prone to odors caused by microorganisms.

## Specifications

<b>Color</b>	Red
<b>Scent/Odor</b>	None added
<b>Character</b>	Clear, slightly viscous liquid
<b>Foam</b>	Low
<b>ph Use Dilution</b>	9.5-11.5
<b>Phosphorus Content</b>	0.0%
<b>Approvals</b>	None
<b>Registrations</b>	EPA

## Pack Sizes

<b>5497280</b>	4/2 quart case

## Directions For Use

**Equipment:** Ultra Easy dispensing system.

**Use Dilution:** Automatically dispensed at correct dilution rate from the Ultra Easy dispensing system.

**Disinfection:** To disinfect hard inanimate surfaces (such as walls, floors, table tops), add 1-2 ounces of this product per gallon of water. Apply solution with mop, cloth, sponge or mechanical sprayer so as to wet thoroughly. Allow to remain wet for 10 minutes and then let air dry.

**Sanitization:** To sanitize previously cleaned and rinsed nonporous food contact surfaces, prepare 200 ppm active quaternary solution by adding 1 ounce of this product to 3.5 gallons of water. This product is an effective sanitizer when diluted in water up to 250 ppm hardness (CaCO<sub>3</sub>). To sanitize immobile items (such as tanks, chopping blocks, counter tops), flood the area with 200 ppm of this product solution or apply with a cloth or sponge, making sure to wet all surfaces completely for at least 60 seconds. Let air dry. Prepare a fresh solution for each use. To sanitize mobile items (such as drinking glasses, eating utensils), immerse in 200 ppm of this product solution for at least 60 seconds making sure to immerse completely. Remove and let air dry. Prepare a fresh solution daily or more frequently as soil is apparent. Check with us regarding availability/product registration status in your state.

## Safety Reminder

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is provided with each container shipped. It is also available on our website or from the distributor.
