

Quick Line

READY-TO-USE PRODUCTS

QuickLine™ features a complete line of quality, ready-to-use products designed for your kitchen and housekeeping cleaning needs. QuickLine™ cleaners are formulated to achieve optimum results right from the bottle. Just aim, spray and wipe!

T-A-P ORANGE™

Citrus Neutral Degreaser

SKU 3183703 - 6/32 oz.

T-A-P Orange™ is a powerful, citrus-based degreaser that quickly and easily removes dirt, grease and grime from most washable surfaces, while leaving a pleasant citrus scent. Ideal for use as a general cleaning agent for floors, walls, equipment and other hard surfaces.

XENON™

Glass and Multi-Surface Cleaner

SKU 3187405 - 6/32 oz.

Xenon™ provides quick, streak-free cleaning on multiple surfaces, including glass, plastic and vinyl. With its penetrating properties and built-in water conditioners, Xenon™ effortlessly removes soil, smudges, streaks and smears.

SHOWDOWN™

All Purpose Cleaner/Degreaser

SKU 3183691 - 6/32 oz.

Showdown™ is a ready-to-use, all purpose cleaner and degreaser that can be used in a wide range of cleaning applications. It is ideal for cleaning hard, non-porous surfaces such as walls, tables, equipment, exhaust hoods and more.

WHITE GLOVE™

All Purpose Cleaner with Bleach

SKU 3183720 - 6/32 oz.

All Purpose Cleaner with Bleach Plus Lemon Scent

SKU 101102085 - 6/32 oz.

White Glove™ is a quick spray-and-wipe cleaner, backed by the cleaning confidence of bleach. It cuts through a wide range of soils, leaving surfaces clean and streak-free. Ideal for use on most hard, non-porous surfaces such as countertops and equipment.

T.G.I.C.™

Restroom Disinfectant Cleaner

SKU 3183746 - 6/32 oz.

T.G.I.C.™ cleans and disinfects in one easy step. It kills most germs and bacteria commonly found in restrooms, nursing homes, hotels, locker rooms and more. Ideal for cleaning and disinfecting hard non-porous surfaces such as toilet bowls, shower stalls, walls, tile, sinks and fixtures. It is effective against mold and mildew, Salmonella, Influenza, HIV and more when used as directed. Thank Goodness It's Clean!

TAG TEAM™

Tub and Tile Cleaner

SKU 3183711 - 6/32 oz.

Tag Team™ is an acid-based, foaming cleaner for all types of tub and tile soils. It removes soap scum and lime scale on surfaces such as tubs, shower stalls, walls, tile, sinks, drinking fountains and more. Safe for use on most surfaces including porcelain, fiber glass, chrome, brass and other metal fixtures.

COMPLETING YOUR CLEANING

SHEEN™

Stainless Steel Cleaner and Polish

SKU 4948317 - 6/32 oz.

Sheen™ is a petroleum based, ready-to-use cleaner and polish, ideal for use on stainless steel surfaces. It's non-abrasive formula will not scratch surfaces. Sheen™ provides a protective coating on surfaces while leaving behind a pleasant, fresh, lemon scent.

GLITZ™

No Rinse Sanitizer

SKU 3183754 - 6/32 oz.

Glitz™ is a ready-to-use no rinse sanitizer that cleans and sanitizes a wide variety of surfaces. It is ideal for use on hard, non-porous surfaces, such as behind and under sinks, counters, and other places where bacterial growth is present. Glitz™ may also be used to sanitize food contact surfaces such as prep areas, equipment and bar tops.

FRESH™

Odor Neutralizer

SKU 4433532 - 6/32 oz.

Fresh™ is a ready-to-use odor neutralizer that contains malodor counteractants. Odors are instantly eliminated while leaving behind a clean, fresh scent. Ideal for use in restroom areas or where malodors are present. Fresh™ may also be used to freshen bedding, curtains and other fabrics.

INCEPTION™

Quality Manual Dishwashing Detergent

SKU 5577651 - 8/38 oz.

Inception™ is a highly concentrated, superior performing dishwashing detergent. It quickly cuts through greasy soils while providing long lasting suds. Ideal for use in the first tank sink and for other general cleaning needs such as light duty equipment cleaning.

TKO™

Grill and Oven Cleaner

SKU 3183738 - 6/32 oz.

TKO™ totally knocks out grease and quickly penetrates burnt-on, built-up food soils without scratching or abrading surfaces. It is ideal for use on ovens, grills, hoods, fryers, stovetops and other stainless steel surfaces.

GRILL AND OVEN™

Fast Acting, High Temp

SKU 5493238 - 6/32 oz.

Grill and Oven™ is a heat-activated, ready-to-use formula. It removes baked-on food and cooking oil from ovens, grills, waffle irons and griddles. Safe for use on aluminum. Safer Choice recognized.

PROJECTS HAS NEVER BEEN QUICKER!

Certifications and Approvals

READY BIODEGRADBLE SURFACTANTS

The Ready Biodegradable Surfactants symbol reflects that the product incorporates biodegradable surfactants, replacing alkylphenol ethoxylates (APEO's). APEO's are non-ionic surfactants with an emulsifying and dispersing action, which makes them suitable for a very large variety of applications. Surfactants are used in a variety of applications including fabric cleaners, hard surface cleaners, and other detergent formulations. Many surfactants give rise to environmental concerns due to their poor biodegradability, their toxicity and their potential to act as endocrine disrupters.

SAFER CHOICE

Finding products that are safer for you, your family, and the environment should be easy—that's why EPA created the Safer Choice label. The Safer Choice label helps you identify products with safer chemical ingredients, without sacrificing quality or performance. When you see a product with the Safer Choice label, it means that every ingredient in the product has been evaluated by EPA scientists. Only the safest ingredients are allowed in products with the Safer Choice label.

The Safer Choice Program, formerly known as the Design for the Environment (DfE) Safer Product Labeling Program, was developed in 1997 and draws upon chemical and environmental expertise from across EPA. Safer Choice uses the technical tools and expertise of EPA's New Chemicals Program to evaluate the environmental and human health impacts of every chemical ingredient in a product, allowing only the safest ingredients in labeled products. As a voluntary partnership program, Safer Choice brings all interested parties together to advance sustainability in chemical products.

Safer Choice encourages manufacturers to reach a high bar to create safer products. To qualify for the Safer Choice label, products must meet the Safer Choice Standard and the appropriate Criteria for Safer Chemical Ingredients, available at: www2.epa.gov/saferchoice/standard. The program develops and continually improves its criteria through a multi-stakeholder process. The program's technical committees include members of the chemical industry, product manufacturers, environmental and health advocates, and academics who inform the process and advance safer formulations.
