

LAUNDRY OFFERING

1.5 GALLON

MICROTECH CONCENTRATE

BOTTLE

— EQUALS —

5 GALLON

INDUSTRY STANDARD PAIL

FEATURES & BENEFITS OF 1.5 GALLON

Easy to Handle Packaging

MicroTECH™ was designed to eliminate the inconvenience associated with replacing 5 gallon pails. The lighter 1.5 gallon bottle can easily be changed by most employees.

Reclaim Additional Storage Space

MicroTECH™ products require less storage space than many other systems. Equipment and products are completely off the floor, making the surrounding areas fully accessible. Reclaim 60-80% of your storage space by replacing your 5 gallon pails.

Reduce Waste & Freight

One 1.5 gallon bottle replaces one 5 gallon pail, reducing plastic waste by 80%. Micro technology significantly reduces freight costs, allowing us to pass those savings on to our customers.

Totally Enclosed Dispensing (TED)

Our TED system eliminates the chance of spills and splashes associated with other systems during product changeover. Chemicals can only be dispensed when the patented dispensing cap is engaged.

SKU Reduction

With the benefit of just one 1.5 gallon bottle you will be able to reduce the number of SKUs that will need to be ordered and on site. MicroTECH™ products require less storage space than many other systems, freeing up space around your facility.

Complete Program

MicroTECH™ offers a complete warewash program that will suit all of your needs. MicroTECH™ products are designed to provide customers with a consistent, quality, safe and environmentally friendly warewash program.

Wall Charts

Instructional wall charts will be provided for displaying near all product dispensing and use locations. This includes the washing machines, dryers, hand washing stations, and sinks.

BEST RESULTS AT THE LOWEST COST

U S Chemical's Multi-Unit Account Program is designed to provide customers with a consistent, quality, safe and environmentally friendly laundry program for all of their locations. Our quality line of microTECH™ products are designed to provide you with superior results, employee safety, and environmentally responsible packaging. Included in the program are employee training, instructional wall charts and service. Training, service and product delivery will be provided by U S Chemical trained, regionally located distributors.

Industry Standard
Pack Size

Break

SKU 101105521 (1/1.5 gal.)

240 x 50 lb loads of Medium Soil laundry per 1.5 gal case

MicroTECH™ Break is a hyper-concentrated alkaline builder which contains both water conditioners and iron inhibitors. This unique formula provides great grease fighting ability while handling the toughest water conditions including iron.

Suds

SKU 101105522 (1/1.5 gal.)

240 x 50 lb loads of Medium Soil laundry per 1.5 gal case

MicroTECH™ Suds is a hyper-concentrated formula with a blend of superior quality detergent surfactants. This formulation provides excellent emulsification of soils and prevents their redeposition onto fabric.

Built Detergent

SKU 101105573 (1/1.5 gal.)

MicroTECH™ Built Detergent is a hyper-concentrated formula featuring highly active laundry builders and superior quality surfactants. Designed for all soil and water conditions, including iron, microTECH™ Built Detergent offers unmatched levels of performance, convenience, and low use cost.

Softener

SKU 101105576 (1/1.5 gal.)

640 x 50 lb loads per 1.5 gal case

MicroTECH™ Softener is a hyper-concentrated formula that provides the most effective and economical results in applications where a separate softener is preferred. Softener has a pleasant citrus scent, leaving fabrics smelling great, as well as soft and static free.

Sour/Soft

SKU 101105577 (1/1.5 gal.)

MicroTECH™ Sour/Soft formulation has the ability to inhibit iron deposits, reducing the need for separate sour and softener. Formulated with optical brighteners, microTECH™ Sour/Soft leaves towels, sheets and fabrics looking bright as new.

Sour

SKU 101105450 (1/1.5 gal.)

480 x 50 lb loads per 1.5 gal case

MicroTECH™ Sour is a hyper-concentrated formula that provides the most effective and economical results in applications where a separate sour is preferred. This product can be used with or without microTECH™ Softener, and provides effective pH control, eliminates iron staining and prevents yellowing on all types of fabric.
